Five trails can be found in Greene County with four converging at Xenia Station — the “Hub” of the trail system. The trail system is widely recognized for its role in economic development throughout Greene County.

Managing 62 miles of paved, multi-use trails throughout Greene County, Greene County Parks & Trails (GCP&T) is also a vital trail partner in the region’s 330 miles of paved trails — the nation’s largest network of paved, off-street trails.

Welcome to Greene County Parks & Trails... your park agency that manages more than 2,600 acres of green space and parks, as well as 62 miles of paved, multi-use trails, 36 miles of river trails and 12 miles of hiking trails.

In addition, the park agency is a county leader in nature education programming and family-friendly special events.

GCP&T is one agency serving both the Greene County Board of County Commissioners and the Greene County Park District Commissioners.

This partnership allows resources to be shared creating a direct economic benefit to both organizations as well as to the citizens of Greene County.

Trails managed by GCP&T include:
- Creekside Trail (15 miles)
- Wright Brothers Huffman Prairie Trail (5 miles)
- Little Miami Scenic Trail (16 miles)
- Ohio-to-Erie Trail (14 miles)
- Xenia-Jamestown Connector (15 miles)
